

St Paul's 1st Street closing starts May 10

Sunday traffic flow for St. Paul's will alter beginning Sunday, May 16. 1st Street NW will be closed beginning May 10 for most of the summer. You will need to either enter St. Paul's parking lots from 2nd Street NW via 1st Avenue south of the school or the entrance to the north of the church parking lot. Please use caution. During the rest of the school year, the south parking lot area is also closed for student protection on weekdays.

St Paul's 1st Street closing starts May 10

-  Cars arriving to drop off students
-  Cars departing after dropping off students
-  Designated unloading area

Before School Drop off will need to be modified to allow a safe traffic flow. Students may still be dropped off on 1st Avenue south of the playground but parking will be limited. Students may be dropped under the canopy and then vehicles exit north, or at north end of Parish Hall to walk to morning gathering.

Parking will be allowed in the spaces on the east side of the Church to allow adults to walk student across parking lot to gathering area. This will be a congested area and great patience will be needed by all as we care about the safety of everyone.

Note: Parking will not be allowed in driveway or under the canopy for any longer than necessary for children to exit the vehicle. If you must park to assist children in exiting, please park on the eastside along 1st Street and walk your child(ren) across the driveway to the meeting area.

St Paul's 1st Street closing starts May 10

After School Pick up will remain the same except those picking up at canopy (Door 1) or reception doors (Door 4) must enter the North parking lot of St. Paul's and proceed to the door and exit via south driveway or north parking lot exits.

-  Vehicles arriving to pick up students at canopy or reception door.
-  Vehicles departing after loading students
