

Why I am Glad I go to St. Paul's School

In my opinion the best things about going to St. Paul's School are going to Bartles and having cross grade friends, having many opportunities, and being able to study religion. I am very blessed to be able to go to this school. I also feel like this is the best school I could go to. All the teachers and staff here are very nice. Those are just some of the reasons I am glad to go here.

St. Paul's school has a wide variety of opportunities. Some of those include having cross-grade friends and going to Bartles for over 20 years. I really like going to Bartles, my favorite things to do there are hang out with the people there, sing with them, and make them happy! My favorite thing to do with our cross-grade friends (the 2nd graders) is hang out with them and get to know them. Same with Bartles!

St. Paul's School has many opportunities. Each year the 5th graders and 6th graders get to take a trip to Camp Ewalu to learn about God and worship Him. Next is Washington D.C, For this trip only the 6th graders go. While they are there they get to go to museums and study some of the

monuments. The last opportunity I am going to talk about is the ukulele. When you are in 5th grade you get to learn how to play the ukulele with our great music teacher, Mrs. Idler, and have fun along the way! (at least in my case!)

Lastly, we have religion class. The advantages of going to a Christian school are that we get to go to worship each Thursday Morning. Another one is that we have the right to talk freely about God and ask questions about Him. I think that this is especially important because if you have a question you should get an answer to it and if you don't you could never find out. One more reason I am glad we get Religion here is we get to raise the Christian flag in the morning and say a pledge to it. This is just really important to me.

In conclusion, St. Paul's School is very unique. I would suggest this school to many people. I think they would have lots of fun with Bartles, cross-grade friends and all the opportunities. Thank you so much Mom and Dad for sending me to this amazing school! Our former principal would always say this in the morning... "Stay curious and be grateful!"
